

SMOKESCREEN

2022
RUSSIAN RIVER
PINOT NOIR

VINEYARD

The fruit for our Pinot comes from a vineyard close to the Russian River. Bud break came early in Sonoma County and turned into a relatively mild growing season. 2022 finished with a warm autumn which led to excellent ripeness. Yields were down a little, and both berries and clusters were smaller, which helped the wines develop great concentration.

TASTING NOTES

Our 2022 Russian River Pinot Noir exhibits exceptional balance, and elegance. The 2022 has enticing aromas of blueberry, red raspberry, and black fruits. The first sip is soft with polished tannins and flavors of blackberries, and black cherry. There's a touch of baking spices and a splash of bright acidity in the finish.

WINEMAKING INFO
